

History of Changes

Enhancements

- **System Performance Improvements (PPP-8812)**

Refactoring has been implemented to address memory-related constraints, resulting in improved system performance and stability—particularly for customers processing large payroll datasets.

- **Site Code Validation Improvements (PPP-8817)**

Enhanced validation rules for site codes help prevent incorrect data entry, improving overall data quality and reducing the likelihood of submission errors.

- **Demo Legislative Release Updates (PPP-8820)**

The Demo Company has been updated with the latest legislative changes, ensuring training and demonstration environments accurately reflect real-world payroll scenarios.

- **OID Threshold (PPP-8834)**

The OID Threshold limit has been increased to R668'000.00 per annum.

- **Emails not sent on latest Microsoft update (PPP-8838)**

The latest update of Microsoft 365 has been incorporated to ensure emails are being sent.

- **Negative tax recalculating to positive (PPP-8844)**

When tax had previously calculated to a negative and was overridden to R0.00, but later the income was adjusted, the tax will now remove the override flag and recalculate to ensure more accurate taxation.

Councils

- **Electrical Deductions Increase 2026/2027 (PPP-8813)**

Electrical deduction values have been updated for the 2026/2027 tax year, ensuring payroll calculations remain aligned with current rates and statutory requirements.

- **MIBCO MISA Union Rates 2026 (PPP-8814)**

Union rates for MIBCO have been updated for 2026, ensuring correct calculation of union contributions and alignment with council agreements.

- **Security Council Cleaning Allowance Increase (PPP-8829)**

Cleaning allowance values for the Security Sector Council have been updated to reflect current agreements, ensuring accurate payroll processing.

- **MIBCO Council Rates (PPP-8830)**

The MIBCO Council levy has been updated.

International

- **Nigeria Minimum Tax Update (PPP-8808)**

Minimum tax calculations for Nigeria have been updated in line with the latest legislative requirements, helping ensure compliance and reducing the risk of incorrect tax calculations for affected employees.

- **Lesotho Tax Changes 2026/2027 (PPP-8815)**

Tax calculations for Lesotho have been updated in line with the 2026/2027 legislative requirements, ensuring continued compliance for customers operating in the region.

- **Malawi Public Holidays 2026/2027 (PPP-8816)**

Public holiday calendars for Malawi have been updated to ensure accurate payroll processing and correct leave calculations.

- **Lesotho Public Holidays 2026/2027 (PPP-8817)**

The Lesotho public holiday calendar has been updated to ensure payroll accuracy and correct handling of employee leave.

General Improvements

- **General – Stability and Performance Enhancements**

A few additional behind-the-scenes improvements have been implemented to enhance overall system stability, performance, and reliability, contributing to a smoother payroll experience.
