

History of Changes

South Africa

Mid-year BRS Updates for the 2026/2027 Submission Period (PPP-8850)

The August 2026 submission requirements have been incorporated. Updates include refined validation of employee identification and tax certificate information, revised Employment Tax Incentive checks, the addition of reason code 10 for qualifying section 11(nA) recoupments, and updated handling of applicable IRP5/IT3(a) source codes and totals.

Employee Masterfile Tax Totals Corrected (PPP-8163)

Employee Masterfile tax totals and the Masterfile Report now include the applicable benefit and remuneration values correctly. Amounts linked to codes 3817 and 3825 are included in the relevant contribution totals, while directors remuneration recorded under code 3615 is reflected under code 3601 for the applicable tax years.

Product Experience

Introducing Quick Payroll Assistant (PPP-8930, PPP-8934)

Quick Payroll Assistant is now available from the Quick Payroll Pastel Payroll toolbar, providing quick access to the payroll support chatbot in a separate window. A News Bar message introduces the feature and directs users to the Quick Payroll Assistant icon.

Legislative Help Content Updated (PPP-8953)

The legislative help document has been updated to include previously missing transaction and template transaction information for codes 5222, 5621, 5990, 7044 and 8010, improving the completeness and searchability of the in-product reference content.

International

Namibia Social Security Contribution Ceiling Updated (PPP-8936)

The maximum basic wage ceiling used for Maternity, Sickness and Death contributions has increased from N\$11,000 to N\$12,500, effective 1 September 2026. The annual social security income limit and applicable calculation formula have been updated accordingly.

Mauritius Year-end Processing Improved (PPP-8950)

An issue that could cause a Mauritius company to remain on the Year End Update progress screen has been corrected. The year-end rollover can now complete successfully without the process becoming stuck.

History of Changes continued

Mauritius Tax Tables Updated for 2026/2027 (PPP-8957)

Mauritius tax tables have been updated in line with the Finance Act 2026, effective 1 July 2026. The revised bands apply rates of 0%, 10%, 20% and 35%, with the 35% marginal rate applying to income above Rs 12 million. The previous FSC-related transaction and threshold exception are no longer applicable for the new tax year.

Uganda PAYE Tax Tables Updated for 2026/2027 (PPP-8961)

Uganda PAYE tax tables have been updated following confirmation of the revised rates, effective 1 July 2026. The related lookup tables and cumulative tax calculations have been updated for the 2026/2027 tax year.
